

## RWOF President Deb Stone

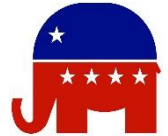

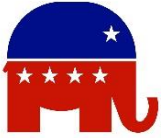

### I'VE SEEN THIS MOVIE BEFORE

Over many decades I have noticed that the U.S. presidency is definitely cyclical. With Donald Trump's second term the cycle is clearly on display! Democrats always create a big mess and Republicans always have to clean it up. Democrats are children. They don't understand reality and have absolutely no sense of accountability. Like brats at Walmart, they pitch fits, whine and complain. They see things they desire and want to spend without limit to obtain them. Their answer to every problem is to spend money the nation does not have. This has led to a \$36 Trillion debt with no end to its growth in sight. After Democrats create messes, the Republican presidents, like parents, always have to clean up, pay the bills and fix everything the Democrats have destroyed.

Democrat presidents drag the nation into critical problems. Kennedy and Johnson led us into devastating war in Viet Nam, Nixon ended the conflict. Carter caused soaring interest rates, unbridled inflation and skyrocketing energy prices. Reagan, one of the greatest Republicans ever, followed by reviving economy ending the cold war. After eight years of Clinton's chasing women and failure to deal with Islamic terrorism (remember the disgraceful explosion on the U.S.S. Cole), in the eighth month of his presidency George Bush was faced with the devastation of 9/11. And after eight years of Obama that included the disgraceful, deadly attack in Benghazi along with the birth and expansion of ISIS, the Caliphate and Jihad; Trump spent his first term protecting Israel and getting the Middle East and Iran under tight control.

But Trump's second term is a greater challenge than ever faced by any prior Republican. In just four years childish Joe Biden left chaos beyond compare. Trump is faced with closing uncontrolled borders both south and north, reversing inflation, resolving wars in Ukraine and Israel & Gaza and ending our nation's destructive overspending. When the immature spoiled teenager Biden left office, he was handing out money and pardons like candy to his corrupt friends and family (a true "friends and family plan"). Trump is moving fast and working hard to fix the nation's problems, but with constant resistance from Democrats it is truly an uphill battle.

These observations bring me to my final and most important point. It defines the reason for the existence and the mission of RWOF. **We must END the cycle described above!** Our goal should be that no Democrat ever wins the White House again. Even during non-election years, such as 2025, we should always be working passionately to keep and support a conservative Republican in the White House. Likewise, we must make sure that Republicans control Congress so that the president can succeed and be re-elected. If we fail, we will continue to be plagued every 4 to 8 years by eternally having to repair and rebuild what the Democrats childishly destroy every time they take office. Let's end this vicious cycle for the sake of future generations!

**Barbara Price, President  
Florida Federation of Republican Women**

**As women of the Florida Federation of Republican Women, we are proud to live in the free State of Florida. We support strong conservative values.**

**We Empower women from all backgrounds in the political process and provide a forum for women to serve as leaders in the political, government, and civic arenas.**

**Our mission is to help conservative Republicans get elected that uphold our values of less government.**

**We believe in our Constitution and Declaration of Independence. Our founding Fathers gave us these important documents for a reason, and we should use them. Our history has not always been pretty and should never be forgotten. If we forget our history, then we are doomed to repeat it.**

**We believe the second amendment is a right and should never be taken away. Parents should always have a voice in what our children are taught and not the government. We must always remember the government works for us and we do not work for them.**

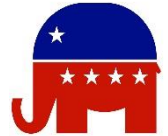

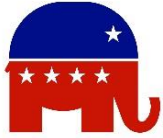

**We work hard to elect republicans at all levels local, state, and national. It is our mission to increase the number of women in all areas of government. We work with candidates during campaigns by phone banking, walking door to door and hosting forums so the voting public can be more informed about candidates running for office. We do not support one republican over another before a primary election.**

**We need your help and if you are not a member, please consider joining us. We are the largest Republican Women organization in Florida. We have over 50 Clubs around our great state and are continuing to grow. When you become a member of the Florida Federation of Republican Women you are part of the larger organization of the National Federation of Republican Women.**

**If you believe in what we stand for consider joining us. Go to our contact page and submit your name and we will have a representative reach out to you and put you in contact with a local club in your area.**

**On behalf of all the members of the Florida Federation of Republican Women, I would like to thank you for visiting our website.**

From the desk of Immediate Past President *Maddie McNeal*:

How are you rating President Donald J. Trump so far? I have been asked this question quite a few times and my answer is always the same...I give him my complete support.

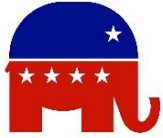

I hope you still do in spite of all the nonsense and buffoonery we see daily by the Democrat/Socialist/Communist/Transgender/Illegal/Gay Loving/Anti-American Party. They actually think we believe they love America because that's what they keep telling us, and that everything they are doing is for our own good because we don't know how to live our own lives without them telling us how. OMG! I have to keep a fire extinguisher handy in case my hair catches on fire whenever one of them opens their mouth. The insanity that they spew is well orchestrated by their Puppet Masters. Every day they are given the buzz words to use, mostly Donald Trump hate speeches, hate towards we MAGA supporters, let's face it, they hate everything. What puzzles me most is that there are those out there that think we should be adults and submit to this garbage, even be friendly with them. I'm sorry, I just can't. Their philosophy and ideology of how they see this country is nowhere near anything I believe in. How did it get this way?

I truly believe that this all happened when Barack Hussein Obama, our country's first black President, was elected into office. Although I did not vote for him, I hoped that he would be the man he portrayed himself to be. I thought to myself that, just maybe, he will be a great President, a true hero. He wasn't! Instead, he became this cocky, city walking, look at me and believe every word I say kind'a guy. It all went to his head and sadly, he got elected to a second term...only to solidify his HOPE and CHANGE mantra. We just didn't understand what his HOPE was to CHANGE this country. I guess we should have asked him point blank. He wasn't alone though, and as much as it pains me to say this, it all goes back a lot farther than we'd like to admit. Both Bush's, the Clintons, the Bidens were all in favor of a ONE WORLD ORDER, and Obama was part of the gang, ended up being the ring leader of the circus that followed when Biden became President...and boy was it a CIRCUS.

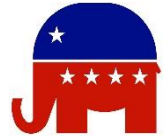

There's another whole chapter of skull duggery involving Dr. Fauci and the China Virus known as COVID 19, that stood in the way of President Trump being re-elected in 2020. Their game was on again and all hell broke loose in this country. We got WOKE, and if you didn't get WOKE, you were ridiculed. Thank God that Donald J. Trump threw his hat back into the ring. There was no other man or woman who could have survived what he went through and come back for more. Why? Because President Donald J. Trump really loves this country and he loves our people. He get all kinds of bad press, as expected from the left loving media, but we know better. He is a man who says what he does, and does what he says. Promises made, promises kept. No other President can make that claim.

My message: Keep the Faith. I still believe Good wins over Evil.

*Until next time...*
