

*From Our President, Deb Stone
Happy Fourth of July
Independence Day*

On July 4th, 1776, The Declaration of Independence was adopted unanimously. This announced the colonies separation from Great Britain. This is our nation's Birthday and a day American's have celebrated since the eighteenth century. Let us always remember what Fourth of July stands for and why we celebrate.

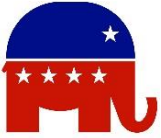

President Ronald Reagan

On July 4th, 1986, President Ronald Reagan reminded Americans of their duty to the "past of which we are so proud, our hopes and aspirations for the future of the world and our much-loved country." America's founding principles have brought and will continue to bring our nation through many trying times. Our hopeful and tireless strivings to realize these principles act as the most precious gift we can give to this or any future generations.

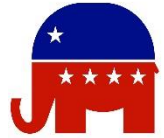

As you and your family celebrate this Fourth of July, Independence Day

On the **Fourth of July**, the United States observes a federal holiday. As our families often celebrate this holiday with food, fun, games, and fireworks take a moment to remember what you are celebrating. Americans will Endure, revive and prosper even in the face of these difficult times as long as we remember and continue to pursue our nation's founding principles. A new birth of freedom will be found by electing President Donald J. Trump to restore our nation to the founding principles and Make our nation Great Again. Truths, Equality, Rights, Life, Liberty. Let us Honor these founding principles.

Republican Women of Okaloosa Federated let us stand together and help Republicans win in 2024. With you it can be done! **We all need to be active, get involved, campaign and take back America!**

From the desk of Immediate Past President Maddie McNeal:

THE GREAT DEBATE – JUNE 27, 2024

I'm wondering, what have the Democrats (Obama in particular) and their Partners in Crime (CNN) got in store for former President Trump besides: No audience just candidates and moderators, no RFK Jr. or any other third- party candidates, silenced microphone while one candidate is speaking. Bidens handlers are well aware of how President Trump plays off of the responses from an audience...so scrap that. They also know that President Trump is quick with candid remarks about an opponent when comments are made about him...so turn off his mic. They know that RFK Jr. makes Biden look pitiful...so keep him away. What they are counting on is being able to call President Trump a "convicted felon", which he is not, but that's beside the point. They only wanted this debate to try and humiliate him more than they have done already. He's ready for them.
