

RWOF President Deb Stone

Elect President Trump 47 For America

**Engage and Recruit
to
SAVE OUR COUNTRY!**

I sat with a group of ladies yesterday from my book club discussing our book. Our book's story occurred during World War II. We all talked about how difficult it was for the people during the war and also how fortunate we were that we had not had to live through such pain and suffering. It also occurred to me how close we are to World War III under the Biden/Harris administration and how we were safe under the Trump

administration. I fear we have become complacent and think it could never happen again and especially not on our soil. I implore you not to be complacent and we might have to have some conversations we would rather put off. Let us each work to have cordial conversations with friends, relatives, and neighbors on what needs to be considered. Forget any personalities or certain points you might not agree with but look at the overall picture of who is better for our country before it is too late.

Talking Points for why we do not need Kamala Harris/Tim Walz failed leadership!

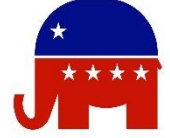

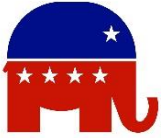

These Talking Points are to be shared from NFRW, RNC and your President. I apologize it is long but it could be much longer as there are so many disastrous policies. I know this will help you with discussions as we move forward in this election.

Harris supports **Price Controls** that never work and were tried in failed Venezuela and many other countries. As price controls make items scarce do you want to stand in bread lines as they did in other countries under price controls?

Since Kamala Harris became Biden's border czar, monthly encounters surpassed even the **highest** month under the last administration. The Border is out of Control. Terrorists are streaming into our country each day. Drugs pour in each day killing American citizens. Illegal immigrants that are killers, rapists, drug traffickers and human smugglers pour into our country. American citizens are being assaulted, raped and murdered by these illegal criminals.

Kamala Harris has a track record of supporting radical policies throughout her career. Harris failed to prosecute criminals to the fullest extent of the law.

Harris has expressed **support** for sanctuary cities, and said "**we need to probably think about starting from scratch**" when referring to ICE. Do you want your city to become the next San Francisco?

Harris encouraged people to donate to the **Minnesota Freedom Fund**, which bailed now-convicted rapists, assaulters, and murderers out of jail. She supports defunding the police, decriminalizing illegal immigration, and opposing the death penalty for even the most gruesome cop-killers.

Kamala Harris has been an apologist for Black Lives Matter violence, radical race-baiting policies, and DEI wokeism. She supported bailing our criminals as everyone watched their cities burn.

Kamala Harris has a history of praising radical government-controlled health care plans. Harris thinks supporting Bernie Sanders' Medicare for All plan would be the **"right thing to do"** and considers health care coverage to be **"a right."** Harris wants to rip away Americans' access to private health insurance. Harris was an original **co-sponsor** of democratic socialist Bernie Sanders' **Medicare For All** insurance program and **remains** an original co-sponsor for his 2019 version.

Harris supports **eliminating** private insurance even if Americans like their own plan, labeling private health insurance coverage to be **"unlawful."** Harris supported a single-payer health care system that **would cost** at least \$32 trillion.

Harris' supported single-payer health care system would be paid in part by **doubling federal individual and corporate income taxes**, but even that would not be enough.

Kamala Harris gave the tie-breaking vote to pass a \$1.9 trillion spending bill that sent inflation through the roof.

Kamala Harris has fought to kill American energy. Harris supports banning of fracking and destruction of the gas and oil industry.

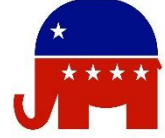

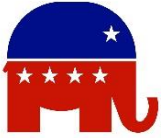

As vice president, Harris has bragged about her role in delivering **"the most ambitious climate agenda in history."**

Kamala Harris is a California liberal, endorsed by another California liberal, Gavin Newsom.

As Americans suffer under disastrous policies from the Biden administration, Harris has been the co-pilot.

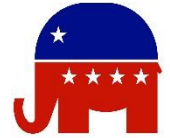

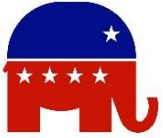

Harris has been the Enabler in Chief for Crooked Joe Biden this entire time. She helped cover up serious health and cognitive issues that made Biden unfit to run. The American people deserve an answer from Harris: If Biden is unfit to run, does she believe our nation is safe and secure with nearly 6 more months of Biden's weakness in the White House?

We must inform voters how the **Radical** left works against us! Now is the time to make sure we elect President, Donald Trump as the 47th President of the United States! We do not want to wake up on November 6th and ask what we could have done differently? The time is now to work hard to take back America from the **RADICAL LEFT!**

VP Pick Tim Walz Is Radical and Extreme

- Minnesota Governor Tim Walz is the most radical, far-left, vice presidential nominee in U.S. history.
- Tim Walz will be a rubber stamp for Harris' agenda that includes open borders and a weak economy.
- Harris caved to the radical left-wing of her Party and dismissed what many deemed moderate picks to go with someone who is just as dangerously liberal as she is.
- Walz believes that "one person's socialism is another person's neighborliness" and that he is "more than happy" to be labeled as a "big government liberal."
- He is weak on border security and supports sanctuary cities and sanctuary states.
- Walz believes that American taxpayers' hard-earned dollars should pay for illegal immigrants' health care and college tuition.
- Walz has repeatedly called for universal health care.
- Walz wants to raise Americans' taxes – proposing to do so multiple times as governor.
- He believes in abortion on-demand up until the moment of birth.
- Walz wants to weaken election safeguards –criticizing voter ID proposals as "solutions looking for a problem."
- Walz is a climate radical who wants to phase out fossil fuels.
- Walz forced Minnesota to adopt stricter emissions standards for cars, trucks, and SUVs – aligning itself with California – despite objections from auto dealers.
- Under Walz's leadership, Minnesota's quality of education has steadily dropped.
- Walz takes his marching orders from teachers union bosses like Randi Weingarten, and was a member of a teachers union himself.
- Walz had his own "deplorables moment" and attacked rural Minnesota as "mostly rocks and cows."
- He is soft on crime.
- He hesitated to commit the Minnesota National Guard for three days while the Twin Cities burned during the riots that followed George Floyd's death in May 2020.
- Following the George Floyd riots, Walz reneged on providing police with more resources and instead called for "wide-ranging" police reform that included shifting police resources to community groups.
- Walz loves China and has spent his entire career cozying up to the communist nation.
 - From 1989 to 1990, Walz taught a Chinese Communist Party-approved course in China through a program affiliated with Harvard.
 - Walz said that he "had never been treated better in his life" than he was in China and that "going there was one of the best things I have ever done."
 - From 1992 to 2003, Walz traveled to China nearly every summer, and even got married and "honeymooned" there in 1994.
- Walz covered up Biden's health, saying that it was "ageism" for Americans to be concerned about Biden's fitness for office and that he would "take Joe Biden at 100 over any of these guys at whatever age they're at because he's delivering."
- Walz has continued to maintain a close relationship with Minnesota Attorney General Keith Ellison, despite Ellison's previous allegations of abusing a girlfriend, his support for Louis Farrakhan, and his comparison of the Bush administration to Hitler's Germany.
- Now more than ever, we need to elect President Donald J. Trump to put America first.

Republican Women of Okaloosa Federated Holds Successful School Supply Drive

Submitted by: June Scroggin

The Republican Women of Okaloosa Federated's (RWOF) participation in Okaloosa Public School Foundation's "Back to School Supply Drive" was a huge success to help support students attending schools in the Okaloosa County School District.

Thanks to the support of RWOF members on behalf of their Community Outreach program, hundreds of school supplies were gathered during their monthly luncheon on August 7 at the Wyndham Garden Inn on Okaloosa Island.

On behalf of Sheryl Lauria, RWOF Community Outreach Chair, Robin Baker reported Cindy Gates and Debbie Tate were thrilled on behalf of Okaloosa Public School Foundation with the donations and thanked everyone who donated the school supplies.

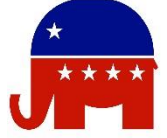

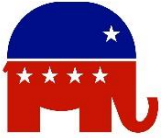

Students who start school with the supplies needed are more motivated, have higher self-esteem, and enjoy a better learning experience overall resulting in higher rates of high school graduation, secondary education pursuits, and career success.

Deborah Stone, President of RWOF, said, "I would like to thank the Community Outreach Committee Chair Sheryl Lauria for spearheading a successful campaign for donations of wanted supplies for the Okaloosa School Foundation. My thanks also goes out to the RWOF membership for their wonderful donations making this event successful."

Giving back has innumerable benefits. RWOF knows that and actively seeks ways to volunteer, donate, or actively participate in local programs. Doing so helps build a community for which we can all be proud. It is important for everyone and leads to a healthier community and make a positive impact.

In an 1896 Letter to Booker T. Washington, George Washington Carver wrote, "Education is the key that unlocks the golden door to freedom."

RWOF understands the importance of education. As such, its involvement in the community reflects the organization's endeavors towards creating a better future for everyone. The school supply drive is just one example of the ways RWOF invests its time, effort, and resources in our community as an investment towards a better future for all.

THIS IS WHAT YOU CALL A "STACKED DECK". IF YOU HAD A HUNCH THE NEWS MEDIA WAS SOMEWHAT RIGGED AND YOU COULDN'T PUT YOUR FINGER ON IT, THIS MIGHT HELP YOU SOLVE THE PUZZLE.

Now you know why no one is investigated. They all have their hands in the cookie jar! You might remember James Comey who investigated the Clinton email scandal and the Clinton Foundation and made the final decision to not recommend prosecution by the DOJ.

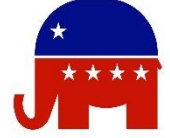

It turns out that the Clinton Foundation was audited by the law firm DLA Piper. One of the executives present was in charge of the Clinton Foundation audit.

Who was it? Peter Comey, James Comey's brother. Peter Comey held an executive position with the Washington law firm that did the audit of the Clinton foundation in 2015. Peter Comey was officially DLA Piper "Senior Director of Real Estate Operations for the Americas," in 2015 when the Clinton Foundation scandals first broke and Hillary was preparing her Presidential campaign. Not only was DLA Piper, the firm where Comey's brother worked involved in the audit of the Clinton Foundation, but according to the foundation's donor records, DLA Piper has given between \$50 - 100k to the Foundation

It gets even cozier. DLA Piper executive Douglas Emhoff is taking an extended leave of absence from the firm. Who is Douglas Emhoff? He is the husband of KAMALA HARRIS! Just a coincidence? Amazing if it is. You can't

RWOF TRUMPET

make this stuff up!

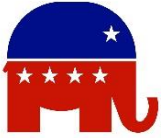

And it only gets worse. This "Family Tree" will make your head spin . . THE SWAMP IS DEEP!!

Dominion (voting machine provider) serves 40% of the US market. It is in 30 states - - The state of Texas rejected the machines.

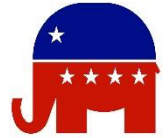

- Admiral Peter Neffenger is on Biden's transition team.
- Neffenger was the President of the board of Smartmatic
- Smartmatic (another voting machine supplier) entered into an agreement with Dominion in 2009
- Smartmatic counted votes in Venezuela
- Smartmatic is connected to Philippine voter fraud
- Smartmatic is run by Lord Mark Malloch Brown who works for George Soros (-he and Brown are life-long friends)
- Brown chairs the Boards of a number of non-profit boards including the Open Society Foundation,
- Brown chairs the Centre for Global Development.
- Open society of course is owned by George Soros
- Smartmatic partnered with DLA Piper Global
- Douglas C. Emhoff works at DLA Piper Global
- Douglass C. Emhoff is Kamala Harris's husband
- Guess who owns Dominion? - -Blum Capital Partners, L.P.
- Guess who is on the board for the company? -- Richard Blum.
- Richard C. Blum is Dianne Feinstein's husband.
- Nancy Pelosi's husband is also a major investor
- An aide to Nancy Pelosi, Nadeam Elshami, was hired by Dominion Voting Systems

And it goes on.....

- Dominion Voting Systems is listed on the Clinton Foundation website.

RWOF TRUMPET

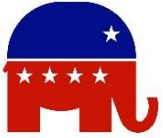

- Dominion Voting is listed as a \$25,000 - \$50,000 donor to the Clinton Foundation in 2014 by The Washington Post
- Georgia Governor Kemp used Dominion Voting after Texas and Florida rejected them
- Dominion has a lobbyist named Jared Thomas
- Jared Thomas was Governor Brian Kemp's chief of staff and press secretary from 2012 to 2015
- You must remember the Feinstein-Kavanaugh-Soros connections to understand this next information
- Debra Katz (Christine Ford's lawyer) worked for George-Soros at the Open Society Foundation.
- Debra Katz (Christine Ford's lawyer) also worked at Project on Government Oversight (POGO).
- POGO is funded by Soros's Open Society Foundation.
- POGO is the co-signer of the letter Diane Feinstein presented against Kavanaugh's nomination.
- Kamala Harris did not prosecute One West Bank for their fraud when she had the authority - Soros owned One West Bank.
- Now you know why a woman who placed 7th in own her State when running for President is now VP!
