

RWOF President Deb Stone

Message from Your President *Elect President Trump 47*

Yesterday I was driving home from Daytona Beach with fellow members Maddie McNeal and Cynthia West and we were so elated that we had such a wonderful Fall Florida Federation of Republican Women Conference. We are looking forward to reporting to the membership at our upcoming October

2nd Membership Meeting. We have many exciting things to share. Some items **NFRW Strike Force and Trump Force 47.**

Our high was quickly brought down when we heard there was another assassination attempt on President Donald J. Trump. The mainstream media and other candidates constantly paint the wrong picture of President Trump inciting violence. They lie constantly and never have to retract the lies. President Trump is not a threat to democracy, he does not support a national ban on abortion, he will not cut Social Security, and he does not support Project 2025. How many times does he have to say this to everyone? In fact the Democrats accuse President Trump of doing what they are doing and yet they are doing so much worse.

Below you will find President Trump and the GOP Platform and if you go to www.donaldjtrump.com you can drill down and read all the details of each point. Details you will not find in Kamala Harris's information. She only has a few points she stole from Joe Biden's website. Please print and have these points handy to discuss with anyone that may not know the current Platform of Republicans.

Someone asked where they should donate as we all get bombarded with requests for donations. I would recommend going straight to www.donaldjtrump.com and click the DONATE button. **DONATE Now and let us make President Trump have the largest month yet. Support him after this second assassination attempt.**

1. Patrick Henry stated this famous phrase in 1775 to arouse the Virginians to arm themselves against Great Britain.
2. Americans were forced to endure conduct that was against their proper rights.
3. They finally had to break away in revolt.
4. The Declaration of Independence stated the reasons for separating from England.

From the Desk of Immediate Past President *Maddie McNeal*

I have recently come across some information that I think you may want to check out – very interesting and informative stuff:

1. Leviticus 14:28 And the priest shall put some of the oil that is in his hand **on the lobe of the right ear of him who is to be cleansed** and on the thumb of his right hand and on the big toe of his right foot, in the place where the blood of the guilt offering was put. *(you have to read the whole story to understand why I am intrigued by this...it also involves the anointing with blood...you will get chills).*
2. The 45 Communist Goals as read into the Congressional Record in January, 1963 by the Hon. A. S Herlong, Jr. of Florida in the House of Representatives.

On January 10, 1963, the House of Representatives and later the Senate began reviewing a document entitled 'Communist Goals for Taking Over America.' It contained an agenda of 45 separate issues (attacks and techniques) that, in hindsight, were quite shocking then and equally stunning today.

Over the last 50 plus years since this list was introduced in the House, many things have changed, among them that the Soviet Union is gone and Communism isn't mentioned by the controlled MSM anymore. Why? Because the founders of Communism, World Zionism, is now the dominant force in the Western World and controls virtually every major geopolitical, social, cultural and commercial aspect of our existence.

Most importantly, about 27 of the 45 Communist (Zionist) Goals on the original list have been or are being achieved. (History has largely retired the other 18). These remaining 27 items will...or should...shock you. It is essential to also understand that world Zionism CREATED Communism, took down Russia, set up the Soviet Union and created two World Wars in which over 100 million died. Whether the term is 'Communism' or 'Bolshevism' or 'Socialism' or 'Marxism' they all emanate from one source - World Zionism. That must never be forgotten.

So, as you read through this list, understand and never forget that these goals, most now 100% implemented, are all ZIONIST goals.

1. U.S. acceptance of coexistence as the only alternative to atomic war.
2. U.S. willingness to capitulate in preference to engaging in atomic war.
3. Develop the illusion that total disarmament [by] the United States would be a demonstration of moral strength.
4. Permit free trade between all nations regardless of Communist affiliation and regardless of whether or not items could be used for war.
5. Extension of long-term loans to Russia and Soviet satellites.
6. Provide American aid to all nations regardless of Communist domination.
7. Grant recognition of Red China. Admission of Red China to the U.N.
8. Set up East and West Germany as separate states in spite of Khrushchev's promise in 1955 to settle the German question by free elections under supervision of the U.N.
9. Prolong the conferences to ban atomic tests because the United States has agreed to suspend tests as long as negotiations are in progress.

10. Allow all Soviet satellites individual representation in the U.N.
11. Promote the U.N. as the only hope for mankind. If its charter is rewritten, demand that it be set up as a one-world government with its own independent armed forces. (Some Communist leaders believe the world can be taken over as easily by the U.N. as by Moscow. Sometimes these two centers compete with each other as they are now doing in the Congo.)
12. Resist any attempt to outlaw the Communist Party.
13. Do away with all loyalty oaths.
14. Continue giving Russia access to the U.S. Patent Office.
15. Capture one or both of the political parties in the United States.
16. Use technical decisions of the courts to weaken basic American institutions by claiming their activities violate civil rights.
17. Get control of the schools. Use them as transmission belts for socialism and current Communist propaganda. Soften the curriculum. Get control of teachers' associations. Put the party line in textbooks.
18. Gain control of all student newspapers.
19. Use student riots to foment public protests against programs or organizations which are under Communist attack.
20. Infiltrate the press. Get control of book-review assignments, editorial writing, policymaking positions.
21. Gain control of key positions in radio, TV, and motion pictures.
22. Continue discrediting American culture by degrading all forms of artistic expression. An American Communist cell was told to "eliminate all good sculpture from parks and buildings, substitute shapeless, awkward and meaningless forms."
23. Control art critics and directors of art museums. "Our plan is to promote ugliness, repulsive, meaningless art."
24. Eliminate all laws governing obscenity by calling them "censorship" and a violation of free speech and free press.

25. Break down cultural standards of morality by promoting pornography and obscenity in books, magazines, motion pictures, radio, and TV
26. Present homosexuality, degeneracy and promiscuity as “normal, natural, healthy.”
27. Infiltrate the churches and replace revealed religion with “social” religion. Discredit the Bible and emphasize the need for intellectual maturity which does not need a “religious crutch.”
28. Eliminate prayer or any phase of religious expression in the schools on the ground that it violates the principle of “separation of church and state.”
29. Discredit the American Constitution by calling it inadequate, old-fashioned, out of step with modern needs, a hindrance to cooperation between nations on a worldwide basis.
30. Discredit the American Founding Fathers. Present them as selfish aristocrats who had no concern for the “common man.”
31. Belittle all forms of American culture and discourage the teaching of American history on the ground that it was only a minor part of the “big picture.” Give more emphasis to Russian history since the Communists took over.
32. Support any socialist movement to give centralized control over any part of the culture—education, social agencies, welfare programs, mental health clinics, etc.
33. Eliminate all laws or procedures which interfere with the operation of the Communist apparatus.
34. Eliminate the House Committee on Un-American Activities.
35. Discredit and eventually dismantle the FBI.
36. Infiltrate and gain control of more unions.
37. Infiltrate and gain control of big business.
38. Transfer some of the powers of arrest from the police to social agencies. Treat all behavioral problems as psychiatric disorders which no one but psychiatrists can understand [or treat].
39. Dominate the psychiatric profession and use mental health laws as a means of gaining coercive control over those who oppose Communist goals.
40. Discredit the family as an institution. Encourage promiscuity and easy divorce.

41. Emphasize the need to raise children away from the negative influence of parents. Attribute prejudices, mental blocks and retarding of children to suppressive influence of parents.
42. Create the impression that violence and insurrection are legitimate aspects of the American tradition; that students and special-interest groups should rise up and use ["united force"] to solve economic, political or social problems.
43. Overthrow all colonial governments before native populations are ready for self-government.
44. Internationalize the Panama Canal.
45. Repeal the Connally reservation so the United States cannot prevent the World Court from seizing jurisdiction [over domestic problems. Give the World Court jurisdiction] over nations and individuals alike.
